Dear Mr. Michels:

I wish to extend my congratulations on your academic achievement in the past Winter Session. By maintaining a full-course load and obtaining a grade point average of at least 7.5, you have earned a place on the Dean's Honor Roll. Of the full-time students in the Faculty of Science, only 12% have achieved this honor.

For your information, the Dean's Honor Roll is posted in the hallway outside the Faculty of Science Office (CW223 Biosciences Building).

With best wishes,

W. John McDonald  
Dean of Science
